

## Team Pangaea Takes Part in The Seamen's Church Institute's 2019 Mountain Challenge

October 8, 2019

Our team of colleagues raised more than \$6,000 this year!

First held in 2013, the SCI Mountain Challenge is a biennial fundraising event. Teams of three competitors have the opportunity to push their physical limits in support of mariners who face extreme conditions and isolation every day to keep our modern way of life afloat.

The Mountain Challenge was held September 26-29, 2019. Competitors race a course that includes hiking, paddling and obstacle elements through the beautiful Sunday River area of western Maine. Course times, plus philanthropy dollars raised, contribute to a team's overall ranking and awards.
